

Keyword index service | Keyword administration

The 'keyword index' service or tool is used for indexing keywords and content pages.

Use this tool to create or find keywords or keyword phrases that are used for improving search results, creating keyword suggestions and for creating keyword indexes.

search: in: method:

Nr	Keyword	Importance	Type	Words	Items	
1	ecommerce systems	1	published			<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>
2	ecommerce system	1	published			<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>
